

A Very Interesting Sight.
Anyone riding along the Seaboard Air Line, on the Georgia division, can see a very interesting sight as they go southward, on the right hand side of the road in the northern part of Auburn—a side walk for a half mile, that is bordered with beautiful lilies. This is the work of our Industrial Agent, Mrs. J. C. Hawthorne. She has planted these lilies along the side walk from her home to within a short distance of the S. A. L. depot. She does not seem to think she has done very much towards beautifying her town, and is constantly planning something she can do to make a record for herself. Mrs. Hawthorne is a very quiet, unassuming lady, but she and her good husband have taken so much interest in the industrial work being done on the S. A. L., that neither of them have missed a single meeting of the Industrial Agents, and although they are backward in saying what they have accomplished, yet they, with other Industrial Agents, have done a great deal to assist in making a record for the S. A. L. that has caused it to be known all over the country as the most progressive railroad line in the way of development and beautifying its territory.

Mrs. Higgins—"It looks like rain. I think you had better take your umbrella." Mr. Higgins—"My own umbrella? What nonsense! Haven't you any borrowed ones?"

Cynicus—"You would make a good photographer." Sillicus—"Why, I never took a picture in my life." Cynicus—"I know, but you have the gift of flattery."

Great Fame of a Great Medicine Won by Actual Merit.

The fame of Hood's Sarsaparilla has been won by the good it has done to those who were suffering from disease. Its cures have excited wonder and admiration. It has caused thousands to rejoice in the enjoyment of good health, and it will do you the same good it has done others. It will expel from your blood all impurities; will give you a good appetite and make you strong and vigorous. It is just the medicine to help you now, when your system is in need of a tonic and invigorator.

Eruptions—"An eruption all over my body caused a burning sensation so I could not sleep nights. By taking Hood's Sarsaparilla I was completely cured." JESSIE THOMPSON, P. O. Box 36, Oakville, N. Y.

Hood's Sarsaparilla
Is America's Greatest Medicine.

Had Faith in Her Pappy.

"Keep him," said the head of the case, indignantly, to the man who sought back the lost dog. "I never had to see him again. He's no kind of a dog, as far as I am able to ascertain. That is, he's no particular kind of a dog. He wouldn't bring \$2 in a market where they were wanting dogs, and yet he's cost me fifty times that."

"But you offered a reward, sir?"

"No, I didn't. My wife offered a reward. She's offered a dozen of them. That dog has strayed or been stolen more times than the moon has changes since we've had him. He's brought home, she pays out from three to five dollars, he fills up on the fat of the land, and then he's gone again. Keep him."

"I don't want him. His tail's wrong, his hair is coarse, and he's a mongrel. I just want to be paid for bringing him back."

"Do you suppose you are giving me any information. He's a cucumber of the earth, he is. I've seen a rat chase him all over the barn and a tramp steal dog biscuit from under his nose. Keep him. Take him away. Lose him, asphyxiate him. Anything?"

"But the reward, sir?"

Serious Ills of Women

The derangements of the female organism that breed all kinds of trouble and which ordinary practice does not cure, are the very things that give way promptly to Lydia E. Pinkham's Vegetable Compound.

Uterine and ovarian troubles, kidney troubles, ulcerations, tumors, unusual discharges, backaches and painful periods—these are the ills that hang on and wreck health and happiness and disposition.

Lydia E. Pinkham's Vegetable Compound

has a wonderful record of absolute cures of these troubles—a constant series of successes for thirty years. Thousands of women vouch for this. Their letters constantly appear in this paper.

STATE EDUCATIONAL BOARD.

Holds a Meeting in Columbia and Appoints a Number of Committees.

The State Board of Education met Friday night in the office of the State Superintendent in Columbia. All the members were present, Governor McSweeney, Superintendent John J. McMahon, Mr. W. A. Brown, Mr. H. P. Archer, Mr. J. I. McCain, Mr. H. T. Cook, Mr. A. R. Banks, Mr. T. M. Rayson, and Mr. G. L. Knight. This is the board recently appointed by the governor.

The governor presided and Superintendent McMahon acted as secretary. The superintendent made a report to the board of certain vacancies filled in the county boards and certificates granted under a resolution of the board at a previous meeting. These were all sanctioned by the board. A number of applications for certificates to teach were read and passed upon. Some were granted and some were rejected.

The application of President Miller, of the State Colored College, to have the course of study in the normal department of the State Colored College approved so that the L. I. degree of that institution should be the basis of certification without examination, was read and granted. A similar application presented by President Johnston and Professor Morris, Allen University, was deferred until the board could gather fuller information as to the work done in that institution.

The question as to the awarding of scholarships was brought up and occupied considerable attention of the board. The following resolution was passed:

In the matter of the award of scholarships in South Carolina, Clemson, Citadel and Winthrop Colleges the faculties of these institutions shall prepare and submit the questions to the county boards of education, which boards shall conduct the examinations and return the papers to the faculties of these institutions and said faculties shall determine the results and report to this board, which shall award the scholarships.

In the case of the South Carolina Military Academy the faculty shall prepare and submit the questions for examination to the county boards, which shall conduct the examination and determine the results and report the same to this board, which shall award the scholarships.

The proceeds from the permanent school fund were voted to be used for the summer schools in the various counties.

The text book question came up and much discussion arose as to the time of adoption. On motion it was finally decided that the board meet on Monday, the 3rd of September, for the final adoption of text books. It was informally agreed that the board meet some time within the next few weeks for the formulation of certain conditions of adoption and drawing up a contract with publishers. The time of the meeting was left with the governor and the State Superintendent. The Governor announced the following committees:

On Examination and Certificates—H. T. Cook, J. I. McCain, H. P. Archer, A. R. Banks, Graves L. Knight.

On Rules and Regulations—G. L. Knight, W. A. Brown, H. T. Cook.

Text Books and Course of Study—J. I. McCain, H. T. Cook, H. P. Archer, A. R. Banks, T. M. Rayson.

School Supplies, Charts, Maps, etc.—W. A. Brown, H. P. Archer, and H. T. Cook.

Scholarships—H. P. Archer, H. T. Cook, J. I. McCain.

Governor and Superintendent of Education ex-officio, members of all committees.

Palmetto Notes.

News has been received of a whale being found on May 4th, near the terminus of the Conway Seashore Railroad, Horry county, a few miles below the North Carolina line. The whale is dead and appears to have been harpooned. It is 52 feet long and 24 broad at its mouth and over fourteen feet across its tail. The last visitor of this kind on this coast was to Charleston harbor, some twelve years ago. It was killed by some local fishermen and the backbone preserved.

The new mill at Barnwell is to have a capital stock of \$100,000, which is to be paid in four different installments. The incorporators of the company are: Frank H. Creech, C. F. Calhoun, A. Howard Patterson, W. H. Duncan, E. L. Patterson, Charles Carroll Sims and P. M. Buckingham.

Charters Granted.

A charter was granted to Pine Grove Baptist church of Chesterfield.

Notice has been filed with the secretary of State of the increase of capital stock of the Fidelity Building and Loan association of Anderson from \$25,000 to \$100,000.

The Greenville Lyceum association of Greenville, with John H. Earle and L. O. Patterson as incorporators, was also chartered.

A charter was granted the Reedy River Milling company of Greenville, which will be a roller mill with \$6,000 capital. J. J. Cowart is president.

To the Blacksburg Spinning and Knitting mill of Blacksburg, capitalized at \$15,000, a charter was granted. The officers are J. F. Whisonant, president; Wm. Anderson, vice president; and J. W. Duff, secretary and treasurer.

A commission was issued to the Farmers' and Merchants' Bank of Greenwood, capitalized at \$75,000. The incorporators are Dr. J. H. Miller of Cross Hill and R. M. Hayes, L. G. Jenkins, S. A. Reid, N. G. Hartzog, L. M. Moore, J. B. Wharton and W. G. Gambrell, of Greenwood.

Brevities.

Nearly \$100,000 has been subscribed for the Charleston, S. C., exposition.

The Dewey arch project in New York will not be abandoned, says Secretary Nichol.

Her View of Boys.

At a recent school examination for girls, this composition was handed in by a girl of twelve: "The boy is not an animal, yet they can be heard to a considerable distance. When a boy hollers he opens his big mouth like frogs, but girls hold their tongue till they are spoken to, and then they answer respectable and tell just how it was. A boy thinks himself clever because he can wade where the water is deep. When the boy grows up he is called a husband, and then he stops wading and stays out nights, but the grown-up girl is a widow and keeps house."—Ledger Monthly.
